

Steps to View 2024-25 Course Requests (Rising 9th ONLY)

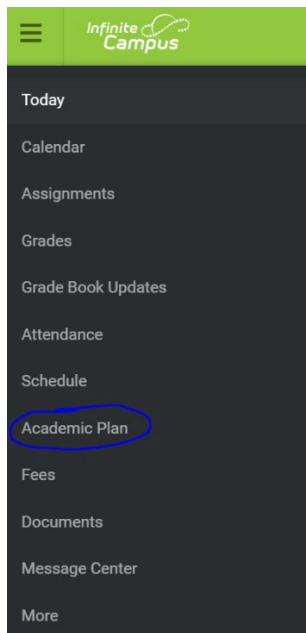

All change requests must be made before

11:59 PM on Wednesday, April 10th, 2024.

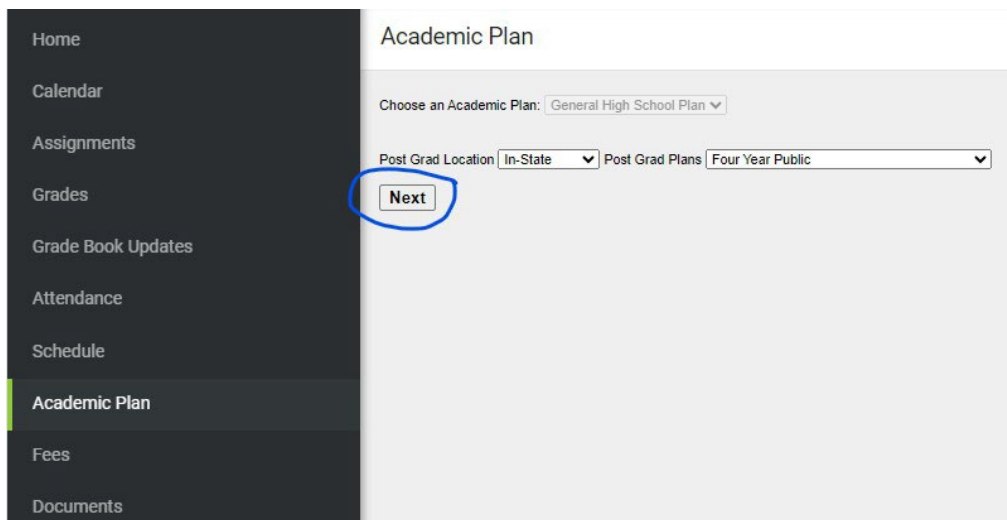

- 1) Login to Classlink or the Parent Portal.
- 2) Click on Infinite Campus – Student

- 3) Scroll down all the way on the left side menu and click on “Academic Plan.”

- 4) Then click on “Next.” You can leave the “Post Grad Location” and “Post Grad Plans” blank.

5) Look in your upcoming grade level column. There, you will see your courses for “A” Semester (1st Semester) and “B” Semester (2nd Semester) for next school year (2024-25).

- **For Rising 9th graders, review your core Academic Classes: Language Arts, Math, Science and Social Studies, 4 classes (8 classes for A and B semesters together).**
- **Recommendations for Academic/Core classes are based on data collected from the Middle schools.**
- **Classes such as Excel or AP (Advanced Placement) are increased rigor classes. (Please note, all schools may not offer Excel and/or AP classes for each content.)**
- **This is not a schedule. These are the courses that will be used to build the 24-25 SY schedule. Courses are anticipated courses and will be scheduled based on staff and course availability.**

The screenshot shows a course plan interface with tabs for Programs, Progress, and Course Plan. The Course Plan tab is active, displaying a grid of course options for Language Arts and Math across four grade levels (9, 10, 11, 12). The 'Grade: 11' column is circled in blue. An alert at the bottom states: "ALERT: Not enough credits selected in Math to meet the minimum plan requirements."
